About us..

Welcome to Knowledge Wave

At Knowledge Wave, a pioneering publishing house, we are dedicated to creating educational content for children of all ages. Our mission is to revolutionize the way children learn by offering a diverse range of educational materials.

Why We Do It

We believe that education is the cornerstone of a bright future. Our passion lies in empowering the next generation with knowledge, creativity, and a zest for learning. By nurturing young minds with quality educational resources, we aim to unlock their potential and inspire lifelong learning.

Our Mission

Our mission at Knowledge Wave is to transform learning into an enjoyable and enriching experience for children. We strive to provide innovative and engaging educational materials that cater to different learning styles and stages. Our goal is to make learning accessible, enjoyable, and impactful for every child.

Our Vision

Our vision is to be at the forefront of educational development, constantly innovating and adapting to the needs of a dynamic educational landscape. We envision a world where every child has the opportunity to learn in a way that sparks their curiosity, develops their skills, and builds their confidence.

What We Offer

At Knowledge Wave, we specialize in producing high-quality educational books tailored to each educational stage. Our extensive collection includes interactive textbooks and immersive storybooks designed to captivate young minds and foster a love for learning.

Beyond books, we develop various educational tools, including interactive educational videos and animated films. These multimedia resources are crafted to complement our books, providing a holistic educational experience.

We also understand the importance of traditional learning methods and offer a wide selection of printed books. These are not just ordinary textbooks; they are carefully created to make learning both enjoyable and effective for children.

Join Our Journey

At Knowledge Wave, we are committed to continuously evolving and expanding our offerings to meet the ever-changing needs of education. Join us in our journey to create a brighter future for our children through the power of learning.

PHONICS WAVE

Focus: Phonics

Levels: 3

Features

Phonics Wave is a three-level series designed for early beginners of English. The course emphasizes building a logical base for pronunciation, covering a wide range of phonetic elements including short vowels, long vowels, and double consonant sounds. To support this foundation, the course offers a variety of activities and supplementary aids such as flashcards, interactive materials, and readers that assist students in merging sounds, creating new words, and improving their abilities in reading, writing, listening, and speaking. The goal of this course is to establish a robust foundation in the English language for future academic endeavors.

Science

Focus: Science

Levels: 2

Features

Science Wave is a two-leveled series designed to be the first step in a long journey of science, by building a solid foundation of scientific information for young learners. Science Wave emphasizes presenting the scientific definitions to our young learners in the simplest form by including a variety of interactive activities and helping aids like reading the context, videos, interactive material, and projects. The aim of the course is to help our young learners explore the world by themselves with a scientific viewpoint.

CLICK WAVE

Focus: Computer

Levels: 2

Features

Technology serves as the foundational block for everything in our current environment, with computer science being the field that delves into the workings of this technology. To shape the future, we must possess essential tools such as information, communication, and knowledge to realize our aspirations and meet our needs.

Click Wave represents the initial stride on an extensive journey to learn about constructing and utilizing current technology, as well as innovating further advancements for the future. Click Wave equips young learners with fundamental skills on how to operate a computer and its components, broadening their understanding of technology. By engaging with technology playfully at an early age, they are encouraged to harness it for more significant endeavors later on.

Health, Safety, & Manners

Focus: Safety

Levels: 4

Features

Health, Safety, & Manners is a four-book series, specially designed to assist young learners in taking care of their bodies and treating others well. The series underscores the importance of consuming nutritious food, maintaining personal safety at home and in public spaces, and fostering kindness and respect towards others. It also covers learning proper posture, the significance of vitamins, cleanliness, and disease prevention, with an emphasis on first aid. Through a blend of reading comprehension questions and interactive activities, the series aims to instill fundamental health and safety practices in children. Additionally, Health, Safety, & Manners includes a hybrid CD-ROM, offering children the opportunity to enhance their learning and experience in an entirely novel way.

Let's See the ORAL LANGUAGE SKILLS

Focus: English

Levels: 2

Features

Let's see the Oral Language Skills is a two-book oral language skills series specifically designed to aid young learners in becoming excellent communicators. The series incorporates a range of activities in each book to motivate students to enhance their speaking and listening abilities. A distinctive feature of Let's see the Oral Language Skills is the inclusion of a hybrid CD-ROM, which provides children with the opportunity to advance their learning experiences in a completely new way. The Mixed CD comprises audio tracks for each unit of Let's see the Oral Language Skills, as well as an interactive component. Every unit of the series is featured on the Hybrid CD, presenting engaging and informative activities to assist students in better achieving their educational objectives.
